

Knowledge networking between science and practice to bridge the gap at the Science-Policy interface

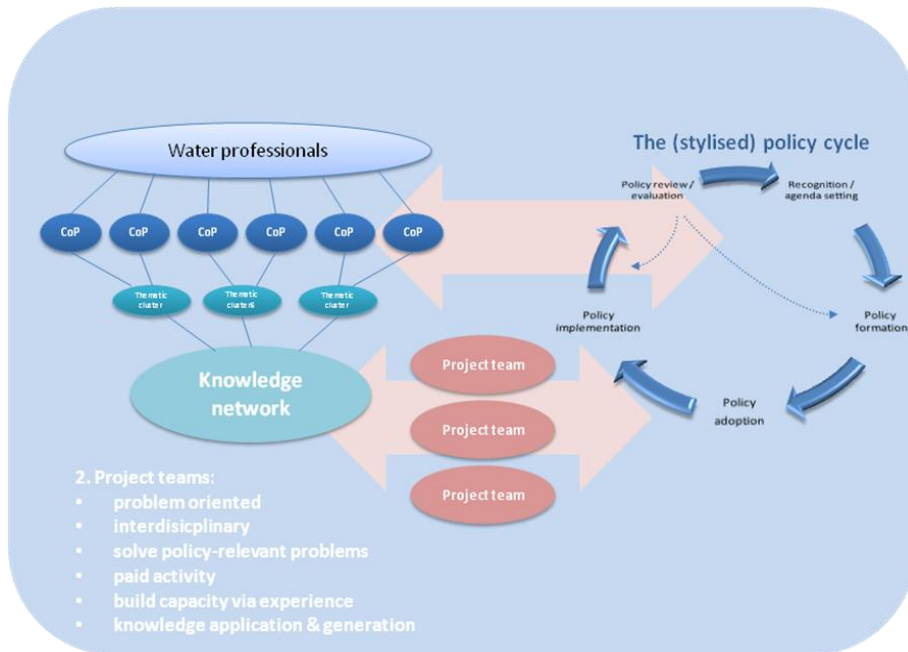

Contact person: Uta Wehn de Montalvo, Jan Luijendijk, UNESCO-IHE

Knowledge network structure: highlighted mechanisms

1. Community of Practice (CoP)
- disciplinary focus
 - participation on voluntary basis
 - interest-oriented
 - knowledge sharing

2. Project teams:
- problem oriented
 - interdisciplinary
 - solve policy-relevant problems
 - paid activity
 - build capacity via experience
 - knowledge application & generation
